

Name _____ Date _____

Assessment Check - In Unit 2 Lessons 1 - 4

Write the amount.

2.NBT.1, 2.NBT.7, 2.MD.8

1.)

= \$ _____

2.)

= \$ _____

Solve.

2.OA.2

3.) $4 + 4 =$ _____

7.) $5 + 5 =$ _____

4.) $8 + 2 =$ _____

8.) $7 + 3 =$ _____

5.) $6 + 4 =$ _____

9.) $6 + 6 =$ _____

6.) $2 + 2 =$ _____

10.) $9 + 9 =$ _____

Use the double ten frames to make 10. Solve. Write the ten fact that helped you.

2.OA.2

Ten fact that helped:

_____ + _____ = _____

Fact: _____ + _____ = _____

Ten fact that helped:

_____ + _____ = _____

Fact: _____ + _____ = _____

Write an addition number story about what you see in the picture. Find the answer and write a number model.

2.OA.1

Answer: _____ (include unit)

Number model: _____ + _____ = _____

Story: _____

Name _____ Date _____

Assessment Check - In Unit 2 Lessons 5 - 8

- Circle the helper fact in the ten frame.
- Write the helper fact doubles fact.
- Write the fact that matches the double ten frames.

2.OA.2

Circle the helper doubles in the ten frames.

Helper doubles fact:

_____ + _____ = _____

Fact: _____ + _____ = _____

Circle the helper doubles in the ten frames.

Helper doubles fact:

_____ + _____ = _____

Fact: _____ + _____ = _____

Write an addition fact for the domino.

Write the turn-around fact.

2.OA.2

Addition Fact: _____ + _____ = _____

Turn-Around Fact: _____ + _____ = _____

Addition Fact: _____ + _____ = _____

Turn-Around Fact: _____ + _____ = _____

Assessment Check - In
Unit 2 Lessons 9 -12

107

Write a number model. Circle if it is even or odd.
2.OA.2, 2.OA.3

		Number Model: ____ + ____ = ____ Circle one: even or odd
---	---	---

		Number Model: ____ + ____ = ____ Circle one: even or odd
---	---	---

Write one number sentence for the target number.
2.OA.2, 2.NBT.3

4	10	8	12	2		6
---	----	---	----	---	--	---

____ + ____ = 6

Write ten names in the 13 box.

13	

Circle the names that DO NOT belong in the 8 box.

8	2 less than 10	$6 + 3$
$10 - 2$		$3 + 3 + 3$
$9 - 1$	xxxx	eight
$11 - 4$	xxxx	###
	$16 - 6$	

Fill in the empty frames.

Unit Two Test Review

Name _____ Date _____

2.) Add.

a. $3 + 3 = \underline{\hspace{2cm}}$

d. $7 + \underline{\hspace{1cm}} = 10$

b. $4 + 6 = \underline{\hspace{2cm}}$

e. $\underline{\hspace{1cm}} + 2 = 10$

c. $\underline{\hspace{1cm}} + 7 = 14$

f. $4 + \underline{\hspace{1cm}} = 8$

1.) Sam needs to solve $9 + 3$. He knows that $9 + 1 = 10$. Explain how this will help solve $9 + 3$. You may use a double ten frame.

3.) For each fact, write a fact that will help. You can use a double ten frame to help.

a. $6 + 7 = ?$

b. $6 + 8 = ?$

Helper fact:

$6 + 7 = \underline{\hspace{2cm}}$

Helper fact:

$6 + 8 = \underline{\hspace{2cm}}$

4.)

- a. Write an addition fact for the domino. b. Write the turn-around fact.

5.) Write six names for 15.

15

6.)

How many pennies do you see? _____

Explain why this is an even number.

Write a number model using the total number of pennies as your sum. Use **equal** addends. (doubles fact)
